

ADMIN UI CORRECTION

Admin page ka kuch design bheja hun.. eske according bane ki koshish karein,

Sabse pehele admin login main dashboard Page niche hai

User ka left site me yeh 9 menu rahega baki dushra page me alag ho sakta dikhne ke liye but yeh wala correct hai

Auto Trade Bot MASTER ADMIN

Dashboard Overview

Deposit verification me pehele aap approve or reject ka option tha badd me edit ka koi option nahi hai esliye esko change kiya sare implement karna function

Announcement or alert me jo bhi message likhenge who publice home page or user login home page dihnne ke liye alag-alag option hai or picheka history dikhna hai kyun ki jo bhi duawa ra dikhana hai ushi me se active de active karenge delete ka option bhi hai 3 dot me denge

Site setings & socials links mai etna add karo upper me facebook insta me jo logo hai unlo hata sakte hai koi kam nahi eise toh.or site name site logo favicon change karne ka option bhi do kyun ki badd me chahiye hoga.

Emergency control me yeh sab ayega last me jo delete icon hai unko hata dena aap kyuki jarurat nahi hai.

Mene sare chij cover karne ki kosis kiya hai jaha per doubt hoga wohape discussed kariye taki double kam na ho.

Jo bhi option hai all page me sare fuction kam hona chahiye es taraha koshish karein..yeh app ko acches esamjhane ke easy hone k liye diya hun...jo jo nahi ho payega unko bata do app change kar lenge
